Leader post (Kerry Benjoe) called and will be calling Katherine about a new group called Save Our Connaught. They sent out a news release wanting:

- 2nd opinion on Connaught
- It to be designated a Heritage Property.

This news release (I don't have a copy) is undersigned by Susan Arndt, Robert S. (didn't get full last name) and Rene Dumont.

The reporter is interested in process and know what can be done to stop the decision. I gave her the details of this "decision" and the fact that it is nothing more than the SD's stated interest in rebuilding the building and that it is in the Ministry's hands right now.

I also stated that the Board is always open to hearing from ratepayers, but it is also the Board that would provide an direction or change in direction.

I have spoken to Katherine about this and given her a heads' up.

I noted to Katherine that we don't want to be jumping every time this group says boo and the only downside to not responding to the reporter is that her story may be one sided.

We are now looking up some of the Regs. Re SCC elections, as per Chris's earlier email about a new SCC member.

Debra,

For the sake of expediency, I have simply made a couple of small changes and inserted our logo and contact info in the footer. I have included the same note about public publishing the responses though, because I still want Real Renewal to call me!

Hi James,

Thanks for this but it was actually the answers to Carla's questions that you had prepared earlier in the process (for the January meeting that you and Jim attended) that we were looking for your agreement to provide to the Connaught SCC tonight. Sorry for the confusion.

Debra,

I hope this is useful in the discussion with the SCC, but, I suspect that additional clarity of information is not going to interest them as RealRenewal individuals. Please note I do indicate that publishing the information requires our permission. I don't regard this a public document, and we don't mind if the information is public, but I really want RealRenewal to have to talk to me if they think they are going to put it on their website. RPS may use it in any manner you see fit.

I hope that is acceptable.

Hi James,
The Board is scheduled to meet with the Connaught SCC tomorrow evening and a question has been raised as to whether this document can be shared with the SCC at that time. As noted in the rider at the beginning of the document, I was wondering if you could put it in a form suitable for that purpose and return to me?
Thanks!

Good morning. I don't know if this is of interest to you. My Director and Chair may have already discussed this group's activities with the Minister in their conversation earlier this week, but I wanted to keep you in the loop, especially as they are now lobbying/letter writing to the Premier. <http://saveourconnaught.wordpress.com/>

Subject: Permission to release City drawings

Hi Carla,

June would like to obtain copies of the original drawings for Connaught School, which are kept by the City of Regina. This requires permission to release them from the owner, which could be in the form of a simple email to June. I will cc. her on this email. How does one proceed?

Thanks!

I am writing to request access to the original blue prints and drawings of Connaught School held by the City of Regina. Members of the public would like the opportunity to review these public documents for the purpose of understanding the construction of Connaught School.

Thank you.

Subject: trivia but probably important

For those of you who were not in the staffroom at lunch today, I shared a little data I uncovered. Here goes:

Of the 27 grade eights at Connaught this year

- 6 have spent their entire elementary experience at Connaught
- Of those 6, 5 began in French Immersion
- Of those 5, 2 continued to complete in FI
- Of the 6, only one has completed the English program at Connaught

For one of our grade eight students Connaught is the 17th school from k-8.

Don't know what this all means but it is worth thinking about.
